SAFETY REQUIREMENTS

The lamp generates heat when in use. Do not cover the lamp during operation, this can lead to heat build-up. Maintain a distance of at least 10 cm between the lamp and illuminated surfaces.

Avoid direct light in the eyes. It is forbidden to use the flashlight and the battery at high temperatures.

It is not allowed to use power elements of other types except those specified in the technical characteristics.

Children under 6 years old are not allowed to use the flashlight
